About Us

Since the inception in year **2011**, **Spick Global** has been one of the famous Manufacturers, Exporters, Importers, Distributors, Traders and Suppliers of Generic Holograms. We are offering an extensive range of products including Holographic Films Rainbow, Holographic Overlays and Security Holograms. The products are chemical and shrink resistant and have the ability to enhance the host materials. The products are manufactured by the optimum quality raw material and with the advanced technological support for providing a delightful experience to our esteemed customers. The products require no specific maintenance and are waterproof.

To offer best qualities products to our clients, we have hired a team of experienced professionals. The professional have designed the products meeting the current trends and necessities of the clients. Besides that, the products have the extraordinary finish to perform all operation with utmost smoothness and trouble free manner.

Under the effective management and constant motivation of, **Mr. Sumit Sarin**, our company has been satisfying all our consumers with greatest performance and durability in our products. His knowledge and sharp tactics for growth and development has ensured a distinguish position for our organization in such a competitive industry. He has been the backbone of the company continuously supporting the company in all matters of financial and production related matters.
